The Downtown Delaware State Coordinator will introduce the value of, and technical services associated with, the USDA Rural Community Development Initiative Grant which brings opportunity to nine targeted low-income, rural towns in Kent and Sussex Counties within a three year time frame. Milton is one of the nine towns chosen.

Services will be offered with particular emphasis towards those towns that show best capacity to implement initiatives and cultivate results including formalizing a local program of downtown revitalization. Services are to increase local capacity for small business and overall revitalization success.
