

## The World's Greatest Problem. \_\_\_\_\_

- Every 20 seconds, a child dies from waterborne illness.
- Nearly 1.1 billion people live without access to safe drinking water.
- If we provided safe water to the entire world, 2 million lives could be saved this year alone.

## Be a Part of the Solution. \_\_\_\_\_

WaterStep provides practical solutions to the root causes of waterborne illness through training and technology — and you can help.

- Give your time and talent by volunteering.
- Register you and your friends for training in water purification, health & hygiene or hand pump repair.
- Incorporate WaterStep into your planned giving.
- Donate online or send your tax-deductible donation to:

### **WaterStep**

625 Myrtle Street  
Louisville, KY 40208

## Donate Shoes. Save Lives. \_\_\_\_\_

Donating your new and used shoes to WaterStep helps fund life-saving water projects all over the world. Visit our website to find the shoe drop location nearest you.

Or if you would like to host a shoe drive at your business, school or civic organization, contact us.
