To the Mayor and Council
Town of Milton, Delaware

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Town of Milton, Delaware as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the Town of Milton, Delaware's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Auditors' Responsibility (continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the Town of Milton, Delaware, as of September 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and the required supplementary information on pages 3 through 8 and pages 35 through 37 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2016, on our consideration of the Town of Milton, Delaware's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Milton, Delaware's internal control over financial reporting and compliance.

TOWN OF MILTON, DELAWARE
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2016

This section of the Town of Milton's (the Town) annual report presents our discussion and analysis of the Town's financial performance during the fiscal year that ended on September 30, 2016. Please read it in conjunction with the Town's financial statements, which begin on page 9.

OVERVIEW OF THE FINANCIAL STATEMENTS

Government-Wide Financial Statements

The *Statement of Activities* presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes).

Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town include general government, public safety, public works, code enforcement and parks and recreation. The business-type activities of the Town include water and trash services.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the Governmental Fund Balance Sheet and Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance provide a reconciliation to facilitate this comparison between *governmental funds and governmental activities*.

TOWN OF MILTON, DELAWARE
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2016

Governmental Funds (Continued)

The Town maintains one major governmental fund: the General Fund. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances.

The Town adopts an annual appropriated budget for its General Fund. The basic governmental fund financial statements can be found on pages 11 through 14. Included in required supplementary information is a budgetary comparison statement for the General Fund to demonstrate compliance with this budget. The budgetary comparison can be found on page 35.

Proprietary Funds

The Town maintains one proprietary-type fund: an enterprise fund. *Enterprise* funds are used to report the same functions presented *as business-type activities* in the government-wide financial statements. The Town uses enterprise funds to account for its water and trash activities. The basic proprietary fund financial statements can be found on pages 15 through 17 of this report.

Summary of Significant Accounting Policies and Notes to the Financial Statements

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Notes to the financial statements are part of the basic financial statements and can be found on pages 18 through 34 of this report.

FINANCIAL ANALYSIS OF THE TOWN AS A WHOLE

As noted earlier, net position may serve over time as a useful indicator of a government's overall financial condition and position. In the case of the Town, assets exceeded liabilities by \$6.4 million at the close of the current fiscal year. The Town's net position is divided into three categories – net investment in capital assets, restricted, and unrestricted net position.

The largest portion of the Town's net position reflects its investment in capital assets (e.g., land, improvements, buildings, machinery, equipment, vehicles and water system), less accumulated depreciation and any unmatured debt used to acquire those assets. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position on the Statement of Net Position represents impact fees, transfer taxes, municipal street aid, and law enforcement grants received and restricted to certain expenditures.

TOWN OF MILTON, DELAWARE
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2016

Net Position

As of September 30, 2016, the Town's net position was \$6,394,000. Of this amount, \$2,366,000 was the investment in capital assets, \$1,694,000 was restricted, and \$2,334,000 was unrestricted.

The table below provides key financial information in a condensed format.

Change in Net Position

Net position for the period ending September 30, 2016 increased by \$740,000. This is a consequence of governmental activity assets increasing by \$627,000 and business-type assets increasing by \$113,000. Governmental activity increases resulted from increases in property taxes, building permit revenues, and charges for services.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

Governmental Funds

For the fiscal year ended September 30, 2016, the Town had an increase in its governmental fund balance of \$912,000. Significant variances included increases in property taxes, transfer taxes, intergovernmental revenues, licenses and permits, charges for services, proceeds from the sale of property, and a decrease in total expenditures.

TOWN OF MILTON, DELAWARE
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2016

Proprietary Fund

The Town's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position totaled \$740,000. Other factors concerning these funds finances are addressed on pages 15 through 17 and a more detailed comparison to 2015 and 2014 is shown on page 40.

BUDGETARY HIGHLIGHTS

A budget and actual comparison schedule is provided in the required supplementary information for the General Fund. The budget and actual comparison schedules show the original adopted budgets, the final revised budget, actual results and variance between the final budget and actual results. Major variances between the final budget and actual results are as follows:

- Total general fund revenues exceeded the final budget by \$514,361.
- Transfer taxes exceeded the final budget by \$225,804.
- Total expenditures were under the final budget by \$277,574.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

The Town's investment in capital assets for its governmental (government-wide) and business-type activities as of September 30, 2016 was \$2,669,378 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, furniture and fixtures, vehicles and water systems.

This year's major capital asset additions included:

Governmental Activities

1. Park lighting project for \$14,275
2. Custom archway for Governor's Walk for \$9,646
3. Police vehicles for \$20,000

TOWN OF MILTON, DELAWARE

Total net capital assets	\$ 1,133	\$ 1,372	\$ 1,536	\$ 1,635	\$ 2,669	\$ 3,007

Long-Term Debt

At year end, the Town had \$303,160 in notes payable in the enterprise fund. No new debt was incurred during the year.

Additional information on the Town's debt can be found on pages 27 and 28 of this report.

CURRENTLY KNOWN FACTS, DECISION, OR CONDITIONS

Growth in Town continues resulting in increases in property taxes and transfer taxes. The charter was amended to raise the limitation on tax revenue. The previous limit of .5% of the assessed value of all taxable real property within the Town limits was changed to \$1,750,000. The Mayor and Council are continuing to review the charter and additional amendments may be proposed.

The Town has begun preliminary planning for a new well, treatment facility, and a water main loop from Federal Street to Lavinia Street. Included in the budget for fiscal year 2017 are projected preliminary planning costs for the new well. A grant application has been filed requesting funding for the planning costs for the water main loop.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Town of Milton's finances for all those with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be directed to the Town Manager, Town of Milton, 115 Federal Street, Milton, Delaware 19968.

**RECONCILIATION OF THE GOVERNMENTAL FUND BALANCE SHEET
TO THE STATEMENT OF NET POSITION**

SEPTEMBER 30, 2016

Total fund balance, governmental fund \$ 2,821,888

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and are therefore not reported in the fund financial statements, but are reported in the governmental activities of the Statement of Net Position. 1,133,788

Some expenditures reported in the governmental funds require the use of current financial resources and these are not reported as expenses in the Statement of Activities: Deferred financing outflows - retirement 59,654

Some liabilities are not due and payable in the current period and are not included in the fund financial statements, but are included in the governmental activities of the Statement of Net Position.

Accrued compensated absences (17,573)
Deferred financing inflows - retirement (176,731)
Net pension asset 22,636

Certain revenues that do not provide current financial resources are reported as deferred income in the fund financial statements, but are reported as revenue in the governmental activities of the Statement of Net Position.

Deferred taxes 86,535

Net position, governmental activities \$ 3,930,197

The accompanying notes are an integral part of these financial statements.

Parks and recreation	59,518
Code enforcement	250,384
Capital outlay	34,421
Total expenditures	<u>1,608,325</u>
Excess of revenues over expenditures	768,461
OTHER FINANCING SOURCES	
Proceeds from sale of assets	<u>143,930</u>
Net change in fund balance	912,391
FUND BALANCES, BEGINNING OF YEAR	<u>1,909,497</u>
FUND BALANCES, END OF YEAR	<u><u>\$ 2,821,888</u></u>

The accompanying notes are an integral part of these financial statements.

TOWN OF MILTON, DELAWARE

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCE OF THE GOVERNMENTAL FUND TO THE STATEMENT
OF ACTIVITIES**

YEAR ENDED SEPTEMBER 30, 2016

Net change in fund balances, governmental fund \$ 912,391

Amounts reported for Governmental Activities in the Statement of
Activities are different because:

Governmental funds report outlays for capital assets as expenditures
because such outlays use current financial resources. However, in the
Statement of Activities, the cost of these assets is allocated over their
estimated lives and reported as depreciation expense.

Capital outlay	34,421	
Depreciation expense	<u>(122,196)</u>	(87,775)

In the Statement of Activities, the gain or loss on the disposal of capital assets is
reported, whereas in the governmental funds, the proceeds from the sale increase
financial resources. Thus, the change in net assets differs from the change in fund
balances by the book value of the assets sold. (150,473)

Some expenses reported in the Statement of Activities do not require
the use of current financial resources and these are not reported as
expenditures in governmental funds:

Change in long-term compensated absences	1,010
Change in deferred outflows - retirement	(9,771)
Change in net pension asset	(36,672)

Governmental funds do not present revenues that are not available to
pay current obligations. In contrast, such revenues are reported in the
Statement of Activities when earned:

Change in deferred taxes	44,056
Change in deferred financing inflows - retirement	(46,129)

Change in net position, governmental activities \$ 626,637

The accompanying notes are an integral part of these financial statements.

TOWN OF MILTON, DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Milton, Delaware (the "Town"), was incorporated in 1807. The Town operates under a Town Council form of government and provides the following services as authorized by its charter: public safety (police), public works, trash removal, water, parks and recreation, code enforcement, and general administrative services.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the Town are discussed below.

Reporting entity

The basic criteria for including component units in the Town's financial statements are the exercise of oversight responsibility over such units by the Town's elected officials. In evaluating how to define the Town for financial purposes, management has considered all potential component units. Based on criteria set forth by the GASB, the Town of Milton has no component units.

Basis of presentation

Government-wide statements: The statement of net position and the statement of activities display information about the Town. These statements include the financial activities of the overall government. These statements distinguish between the governmental and business-type activities of the Town. For the most part, the effect on interfund activity has been removed from these statements. Governmental activities are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to those receiving services.

The statement of activities presents a comparison between direct expenses and revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

TOWN OF MILTON, DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of presentation (continued)

Fund Financial Statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category – governmental and proprietary - are presented. The emphasis of fund financial statements is on major governmental and proprietary funds, each displayed in a separate column. Any remaining governmental and proprietary funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as grants and investment earnings, result from non-exchange transactions.

Governmental Funds: The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The Town reports this major governmental fund:

General Fund – This is the main operating fund of the Town. It is used to account for all financial resources not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid from the General Fund.

Proprietary Funds: The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The Town has presented the following proprietary fund:

Utilities Fund – This fund is used to account for the provision of water and trash services to the residents of the Town. Activities of the fund include administration, operations and maintenance, and billing and collection activities. The fund also accounts for the accumulation of resources for, and the payment of, long-term debt principal and interest for water debt. Trash services are subcontracted out to a trash company.

Measurement focus, basis of accounting

Measurement focus refers to what is being measured. Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

TOWN OF MILTON, DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement focus, basis of accounting (continued)

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which taxes are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all the eligibility requirements have been satisfied.

The governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Town considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year end. Property taxes, charges for services, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, claims and judgments, and compensated absences are recorded as expenditures to the extent they have matured. General capital acquisitions are reported as expenditures in the governmental funds.

Budgetary data

The Town charter established the fiscal year as the twelve-month period beginning October 1st of each year. The Town Council adopts a budget annually. The budget can be revised as deemed necessary by the Council. The budgetary amounts are comprised of the normal operating budget and supplemental budget allocations, if applicable.

The general fund budget is adopted on a basis consistent with generally accepted accounting principles for governmental funds.

TOWN OF MILTON, DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgetary data (continued)

The budget for the utilities fund is prepared on a basis (budgetary basis) that differs from generally accepted accounting principles for proprietary funds (GAAP basis). The major differences between the budgetary basis and the GAAP basis are:

- Loans and transfers from other funds are reported as funding sources.
- Principal payments on long-term debt and capital outlay expenses are reported as funding uses.
- No budget is recorded for depreciation expense.

Cash equivalents

Cash equivalents include highly liquid investments with original maturities, when purchased, of less than three months.

Prepaid items

Prepaid balances are for payments made by the Town in the current year to provide services occurring in the subsequent fiscal year.

Inventory

Inventory consists of water meters, hydrants, and other supplies used in the water department and are recorded at cost using the first-in, first-out method. Inventory is charged to expense when consumed, rather than when purchased or donated.

Allowance for uncollectible accounts

Provision is made for estimated uncollectible water and trash collection charges and other receivables based upon the Town's determination of individual accounts not likely to be collected. The allowance for uncollectible accounts in the general fund and utilities fund as of September 30, 2016 were \$6,577 and \$3,800, respectively.

Deferred inflows of resources

The Town may report a separate section for deferred inflows of resources. This separate financial element reflects an increase in net assets that applies to a future period. The Town has three types of items that qualify for reporting in this category: deferred property taxes, which are not recognized until available (collected not later than 60 days after the end of the Town's fiscal year), deferred financing inflows retirement, and deferred grants, which are not recognized until a future event occurs.

TOWN OF MILTON, DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred outflows of resources

The Town may report decreases in net assets that relate to a future period as deferred outflows of resources in a separate section of its government-wide and proprietary statements of net position or the governmental funds balance sheet. The Town has one item that qualifies for reporting in this category: deferred outflow retirement contributions.

Pensions

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Delaware Public Employees' Retirement System (DPERS), and additions to/deductions from DPERS's fiduciary net position have been determined on the same basis as they are reported by DPERS.

Accounting for compensated absences

The Town has accrued a liability for vacation pay which has been earned but not taken by Town employees. The liability for the Water Department is reported in the Proprietary Fund. For departments included in the General Fund, the current liability is reported in the General Fund and the long-term portion, if any, is recorded in the governmental activities of the government-wide statements.

Sick pay is generally not vested except under certain circumstances such as retirement or death. Therefore, sick pay is not accrued but expensed when paid.

Property taxes

Property taxes are levied on or around January 15th and are due and payable at that time. Taxes unpaid by March 31 of the same year become delinquent. Property taxes may attach as an enforceable lien after being two years delinquent.

Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. Capital assets are defined by the Town as assets with an initial, individual cost of \$5,000 or more and an estimated useful life exceeding one year. All capital assets are valued at historical cost or estimated historical cost if actual historical is not available. Donated capital assets received prior to June 15, 2015 are valued at their fair market value on the date donated. Donated capital assets received after June 15, 2015 are recorded at acquisition value. Repairs and maintenance that do not add to the value of the asset or materially extend the asset's life are not capitalized.

TOWN OF MILTON, DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital assets (continued)

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Buildings	10 – 40 years
Other improvements	10 – 25 years
Streets and sidewalks	10 – 25 years
Machinery and equipment	3 – 10 years
Vehicles	3 – 5 years

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Town to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

Government-wide and proprietary net position

Government-wide and proprietary fund net position are divided into three components:

Net investment in capital assets – consists of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets plus deferred outflows of resources less deferred inflows of resources related to those assets.

Restricted net position – consist of assets that are restricted by the Town’s creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.

Unrestricted – all other net position is reported in this category.

When an expense is incurred that can be paid using either restricted or unrestricted net position, the Town’s policy is to first apply the expense for budgeted items toward unrestricted resources and then toward restricted resources.

TOWN OF MILTON, DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund balances

In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable fund balance – amounts that cannot be spent either because they are in a nonspendable form (such as inventories and prepaid amounts) or they are legally or contractually required to be maintained intact.

Restricted fund balance – amounts that can be spent only for specific purposes because of the Town charter, state or federal laws, or externally imposed conditions by grantors or creditors.

Committed fund balance – amounts that can be spent only for specific purposes determined by a formal action of the Mayor and Council through ordinance or resolution.

Assigned fund balance – amounts that are designated by the Mayor and Council for a particular purpose but are not spendable until a budget ordinance is passed or a majority vote approval by the Town Council.

Unassigned fund balance – all amounts not included in other spendable classifications.

In governmental funds, the Town's policy is to first apply the expenditure for budgeted items toward unassigned fund balances and then to other, more restrictive classifications (committed, assigned, and then restricted fund balances).

TOWN OF MILTON, DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

CASH AND EQUIVALENTS

Cash

The Town is permitted to invest funds in U.S. treasury bills, short-term obligations of the United States Government or its agencies or instrumentalities, obligations of the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, the State of Delaware or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision, certificates of deposit, secured purchase agreements, authorized investment trust companies, and time or share accounts of institutions insured or secured by the FDIC to the extent such certificates are insured by a proper bond or collateral.

Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. As of September 30, 2016, \$3,240,859 of the Town's deposits were exposed to custodial credit risk. These amounts were not covered by the Federal Deposit Insurance Corporation (FDIC) but were collateralized with securities held by the pledging financial institution's trust department, not in the Town's name.

The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The Town was not exposed to foreign currency risk for the fiscal year.

Restricted cash

Restricted cash in the general fund consists of:

- Cash collected for transfer taxes which by state law must be segregated from the Town's general cash and can be expended solely for the capital and operating costs of public safety services, economic development programs, public works services, infrastructure projects and improvements, and debt reduction
- Cash received from the State of Delaware restricted for municipal street improvements
- Cash received from the State of Delaware restricted for local law enforcement activities.

Restricted cash in the utilities fund consists of cash accumulated from water impact fees which are restricted for future capital improvements.

LONG-TERM DEBT

Business-type activities

State Revolving Fund Loan Monies (SRF). On June 8, 2001, the Town entered into a loan agreement with the Delaware Drinking Water State Revolving Fund, offered through the Delaware Department of Health & Social Services, Division of Public Health, to fund upgrades to the Town's drinking water treatment and delivery system. The original obligation was \$635,621. The loan is payable in thirty-four semi-annual payments of \$24,307 including interest at 3.16% and matures July 6, 2023.

Changes in long-term obligations for the year ended September 30, 2016 are as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Notes payable	<u>\$ 341,289</u>	<u>\$</u>	<u>\$ 38,129</u>	<u>\$ 303,160</u>

TOWN OF MILTON, DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

LONG-TERM DEBT (Continued)

Business-type activities (continued)

Principal and interest requirements to amortize all Business-type Activities debt outstanding as of September 30, 2016 are as follows:

<u>Year Ending</u>	<u>Principal</u>	<u>Interest</u>	<u>Totals</u>
2017	\$ 39,343	\$ 9,272	\$ 48,615
2018	40,596	8,018	48,614
2019	41,889	6,726	48,615
2020	43,224	5,391	48,615
2021	44,600	4,015	48,615
2022-2023	93,508	9,115	102,623
	<u>\$ 303,160</u>	<u>\$ 42,537</u>	<u>\$ 345,697</u>

INTEREST COST – UTILITIES FUND

Where applicable, the Town follows the policy of capitalizing interest as a component of the cost of property, plant, and equipment constructed for its own use. During the year ended September 30, 2016, total interest incurred and paid in the Utilities fund was \$10,486. The full amount was charged to operations.

INTERNAL BALANCES

Balances due to/from other funds at September 30, 2016 consist of the following:

	<u>Beginning of year</u>	<u>Increase (Decrease)</u>	<u>End of year</u>
Due from the utilities fund to the general fund	<u>\$ 1,735</u>	<u>\$ 79,459</u>	<u>\$ 81,194</u>

TOWN OF MILTON DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

FUND BALANCES – GOVERNMENTAL FUNDS

Restricted fund balances consist of transfer taxes and grants (net of deferred revenue) that are restricted to specific uses by the State of Delaware.

IMPACT FEES – WASTEWATER TREATMENT PLANT

On July 1, 2007, the Town sold the wastewater treatment plant, sewer infrastructure, franchise fees, prior engineering costs, land, and repayment of the State Revolving Fund debt to Tidewater Environment Services, Inc. (TESI) for \$6,400,000. After a cash payment of \$2,500,000, there was a remaining balance of \$3,900,000. This amount will be received in installments of \$1,500 per customer from the impact fees collected by TESI.

The Town is scheduled to collect the \$3,900,000, but it has not been recorded as a receivable as of September 30, 2016. This income will be recorded as received, or when it becomes absolutely certain that the money will be received. Impact fees collected during the year were \$84,000.

RETIREMENT AND PENSION PLANS

General information about the pension plans

Plan descriptions: The Town participates in two plans of the Delaware Public Employees' Retirement System (DPERS): the County Municipal Police/Firefighters Pension Plan (Police Plan) and the County Municipal Other Employees' Pension Plan (General Plan).

Both plans are cost sharing multiple-employer defined-benefit pension plan established in the Delaware Code. The General Assembly is responsible for setting benefits and contributions and amending plan provisions; administrative rules and regulations are adopted and maintained by the Board of Pension Trustees (the Board). The management of the Plan is the responsibility of the Board. The Board is comprised of five members appointed by the Governor and confirmed by the State Senate, plus two ex officio members. The daily operation is the responsibility of the Office of Pensions. Although most of the assets of the Plans are commingled with other Plans for investment purposes, the Plans' assets may be used for the payment of benefits to the members of the Plans in accordance with the terms of the Plans.

The following are brief descriptions of the Plans in effect as of June 30, 2015. For a more complete description, please refer to the DPERS CAFR for each plan. Separately issued financial statements for DPERS are available from the pension office at: McArdle Building, Suite 1, 860 Silver Lake Blvd, Dover, DE 19904.

RETIREMENT AND PENSION PLANS (Continued)

Benefits provided. The DPERS provide retirement, disability and death benefits. Eligibility and benefits vary depending on which plan the employee is enrolled in.

Police Plan covers police officers and firefighters employed by a county or municipality of the state that have joined the Plan. Service benefits are based on 2.5% of final average monthly compensation multiplied by years of credited service up to 20 years, plus 3.5% of final average monthly compensation multiplied by years of service in excess of 20 years. For this plan, final average monthly compensation is the monthly average of the highest three consecutive years of compensation. Employees in the plan may retire after age 62 with 5 years of service; age plus credited service (but not less than 10 years) equals 75; or 20 years of credited service. Benefits are vested after five years of credited service.

Total disability benefits for duty officers are based on 75% of final average compensation plus 10% for each dependent but not to exceed 25% for all dependents. Partial disability benefits for duty officers are calculated the same as service benefits, subject to minimum of 50% of final average compensation. Disability benefits for non-duty officers are calculated the same as service benefits, total disability subject to a minimum of 50% of final average monthly compensation plus 5% of each dependent not to exceed 20% for all dependents with partial disability benefits subject to a minimum of 30% of final average monthly compensation.

For survivor benefits, if the employee is receiving a pension, then eligible survivor receives 50% of pension; if the employee is active, eligible survivor receives 50% of pension the employee would have received at age 62. If the member is killed in the line of duty, the eligible survivor receives 75% of the members' compensation.

General plan covers employees of counties or municipalities that have joined the plan. Services benefits are based on 1/60th of final average monthly compensation multiplied by years of credited service, subject to maximum limitations. For this plan average monthly compensation is the monthly average of the highest five years of compensation. Employees in the plan may retire after age 62 with 5 years of credited services, age 60 with 15 years of credited services, or after 30 years of credited services. Benefits are vested after five years of credited service.

Disability benefits are the same as service benefits. Employee must have 5 years of credited service. For survivor benefits, if the employee is receiving a pension, then eligible survivor received 50% of pension, if employee is active, eligible survivor receives 50% of pension the employee would have received at age 62.

TOWN OF MILTON DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

RETIREMENT AND PENSION PLANS (Continued)

Contributions: Active members of the Police Plan are required to contribute to the Plan at the rate of 7% of their covered salary. Active members of the General Plan are required to contribute to the plan at the rate of 3% of earnings in excess of \$6,000. Employer contributions are determined by the Board of Pension Trustees. Contributions to the plan from the Town for the past three years were as follows:

Fiscal Year Ending	Annual Pension Cost	Percentage Funded
9/30/2014	\$ 72,889	100%
9/30/2015	\$ 73,015	100%
9/30/2016	\$ 79,071	100%

The Police Department receives grant monies from the State of Delaware through a special tax on gross premiums for the benefit of police. During the fiscal year, the Town received \$31,077.

Pension liabilities, pension expense and deferred outflows of resources and deferred inflows of resources related to pensions

At September 30, 2016, the Town reported an asset in the government-wide activities of \$22,636 and a liability of \$238 in the business-type activities for its proportionate share of the net pension liability/asset. The net pension liability/asset was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2014. Update procedures were used to roll forward the total pension liability/asset to June 30, 2015. The Town's proportion of the net pension liability/asset was based on the percentage of actual employee contributions. At June 30, 2015, the Town's proportion for the Police Plan was .4360% and for the General Plan was 1.3604%.

For the year ended September 30, 2016, the Town recognized pension expense of \$92,812. At September 30, 2016, the Town reported deferred outflows of resources or deferred inflows of resources related to pensions from the following sources.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in proportion	\$ 583	\$ 55,620
Net difference between projected and actual earnings on pension plan investments		122,346
Differences between expected and actual experience		21,431
Contributions subsequent to measurement date	70,025	
	\$ 70,608	\$ 199,397

TOWN OF MILTON DELAWARE
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

RETIREMENT AND PENSION PLANS (Continued)

The Town's contribution subsequent to the measurement date of \$70,025, reported as deferred outflows of resources, will be recognized as a reduction of the net pension liability in the year ended September 30, 2016. The collective deferred outflows of resources and deferred inflows of resources are being amortized as follows:

	Measurement Period Ended	Amortization Period	
		General	Police
Difference between expected and actual experience	June 30 2015	8 years	11 years
Net difference between projected actual earnings on pension plan investments	2014	5 years	5 years
	2015	5 years	5 years
Changes in proportion	2014	8 years	11 years
	2015	8 years	11 years

The following table shows the net amortization of these balances:

Year Ending September 30	Amortization
2017	\$ 43,710
2018	43,710
2019	43,709
2020	20,051
2021	12,158
2022	12,157
2023	7,899
2024	5,857
2025	5,854
2026	3,709
	<u>\$ 198,814</u>

TOWN OF MILTON DELAWARE
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2016

RETIREMENT AND PENSION PLANS (Continued)

Actuarial assumptions. The collective total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of June 30, 2014, and update procedures were used to roll forward the total pension liability to June 30, 2015. These actuarial valuations used the following actuarial assumptions:

Investment rate of return	7.2%
Projected salary increases	3.5% to 11.5%
Inflation	3%

Mortality rates were based on the Sex distinct RP – 2000 combined Mortality Table projected to 2015 using scale AA for Males or Females, as appropriate, for mortality improvement.

Discount rate: The discount rate for all plans used to measure the total pension liability was 7.2%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at rates determined by the Board of Pension Trustees, actuarially determined. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investment was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate: The following presents the collective net pension liability (asset) of the Plan, calculated using the discount rate of 7.2%, as well as what the Plan's net pension liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower or one-percentage-point higher than the current rate:

1% Decrease (6.2%)	\$ 146,475
Current discount rate (7.2%)	\$ (22,398)
1% Increase (8.2%)	\$ (288,192)

Pension Plan Fiduciary Net Position: Detailed information about the Pension Plan's fiduciary net position is available in the separately issued DPERS financial reports.

RISK MANAGEMENT

Due to the nature of activities in which Town employees are involved, from time to time, legal matters may arise. The Town maintains insurance coverage for such potential liabilities. Insurance deductibles are \$2,500 for general liabilities and \$10,000 for police liabilities. Management believes such coverage is sufficient to preclude any uninsured losses to the Town.

TOWN OF MILTON DELAWARE
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

CONTINGENT LIABILITIES

The Town is the recipient of various federal and state grants. The Town may be under obligation to repay these grant funds if, upon final review by the respective granting agencies, the funds expended did not meet the established program objectives. The Town is not aware of any repayment request.

NEW PRONOUNCEMENTS

The Governmental Accounting Standards Board (GASB) has issued several pronouncements prior to the year ended September 30, 2016, that have effective dates that may impact future financial presentations. The full statements are available on the GASB's website. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements on the Town.

GASB Statement No. 77, *Tax Abatement Disclosures*, will be effective for the Town beginning with the year ending September 30, 2017. This statement requires additional disclosure of tax abatement agreements including a description of the agreement, the amount of taxes abated during the year and other commitments made by the Town as part of the agreement. The statement also requires disclosure of tax abatement agreements with an impact on the Town that have been entered into by other governments.

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION

To the Mayor and Council
Town of Milton, Delaware

Report on Supplementary Information

Our report on our audit of the financial statements that collectively comprise the Town of Milton, Delaware's basic financial statements appears on pages one and two. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Milton, Delaware's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Matter

The prior year summarized comparative information has been derived from the Town's 2015 and 2014 financial statements and, in our reports dated January 20, 2016 and January 2, 2015 we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities and each major fund.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund of the Town of Milton, Delaware as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements and have issued our report thereon dated December 30, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Internal Control over Financial Reporting (continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
